

# Quantum Mechanics and Randomness

**UCD Dublin, Friday 20th & Saturday 21st March, 2009**

## **A conference in honour of the 65th birthday of Joe Pulé**

to celebrate Joe's enormous contribution to Mathematical Physics,  
the School of Mathematical Sciences, University College Dublin  
and the School of Theoretical Physics, Dublin Institute for Advanced Studies

### **Speakers include**

**Pierluigi Contucci** (University of Bologna, Italy)

**Tony Dorlas** (Dublin Institute for Advanced Studies, Ireland)

**John Gough** (Aberystwyth University, Wales)

**Nicolas Macris** (Ecole Polytechnique Fédérale de Lausanne, Switzerland)

**Philippe-André Martin** (Ecole Polytechnique Fédérale de Lausanne, Switzerland)

**Michiel van den Berg** (University of Bristol, England)

**André Verbeure** (Katholieke Universiteit Leuven, Belgium)

**Valentin Zagrebnoy** (Université de la Méditerranée Aix-Marseille II, France)

**Website:** <http://mathsci.ucd.ie/conferences/pule>

*There is no registration fee but participants are requested to register in advance with  
[Rhona.Preston@ucd.ie](mailto:Rhona.Preston@ucd.ie)*

### Conference Organisers

Tony Dorlas (Dublin Institute for Advanced Studies)

Adrian Ottewill (University College Dublin)
