

Dublin Summer School on Gravitational Waves

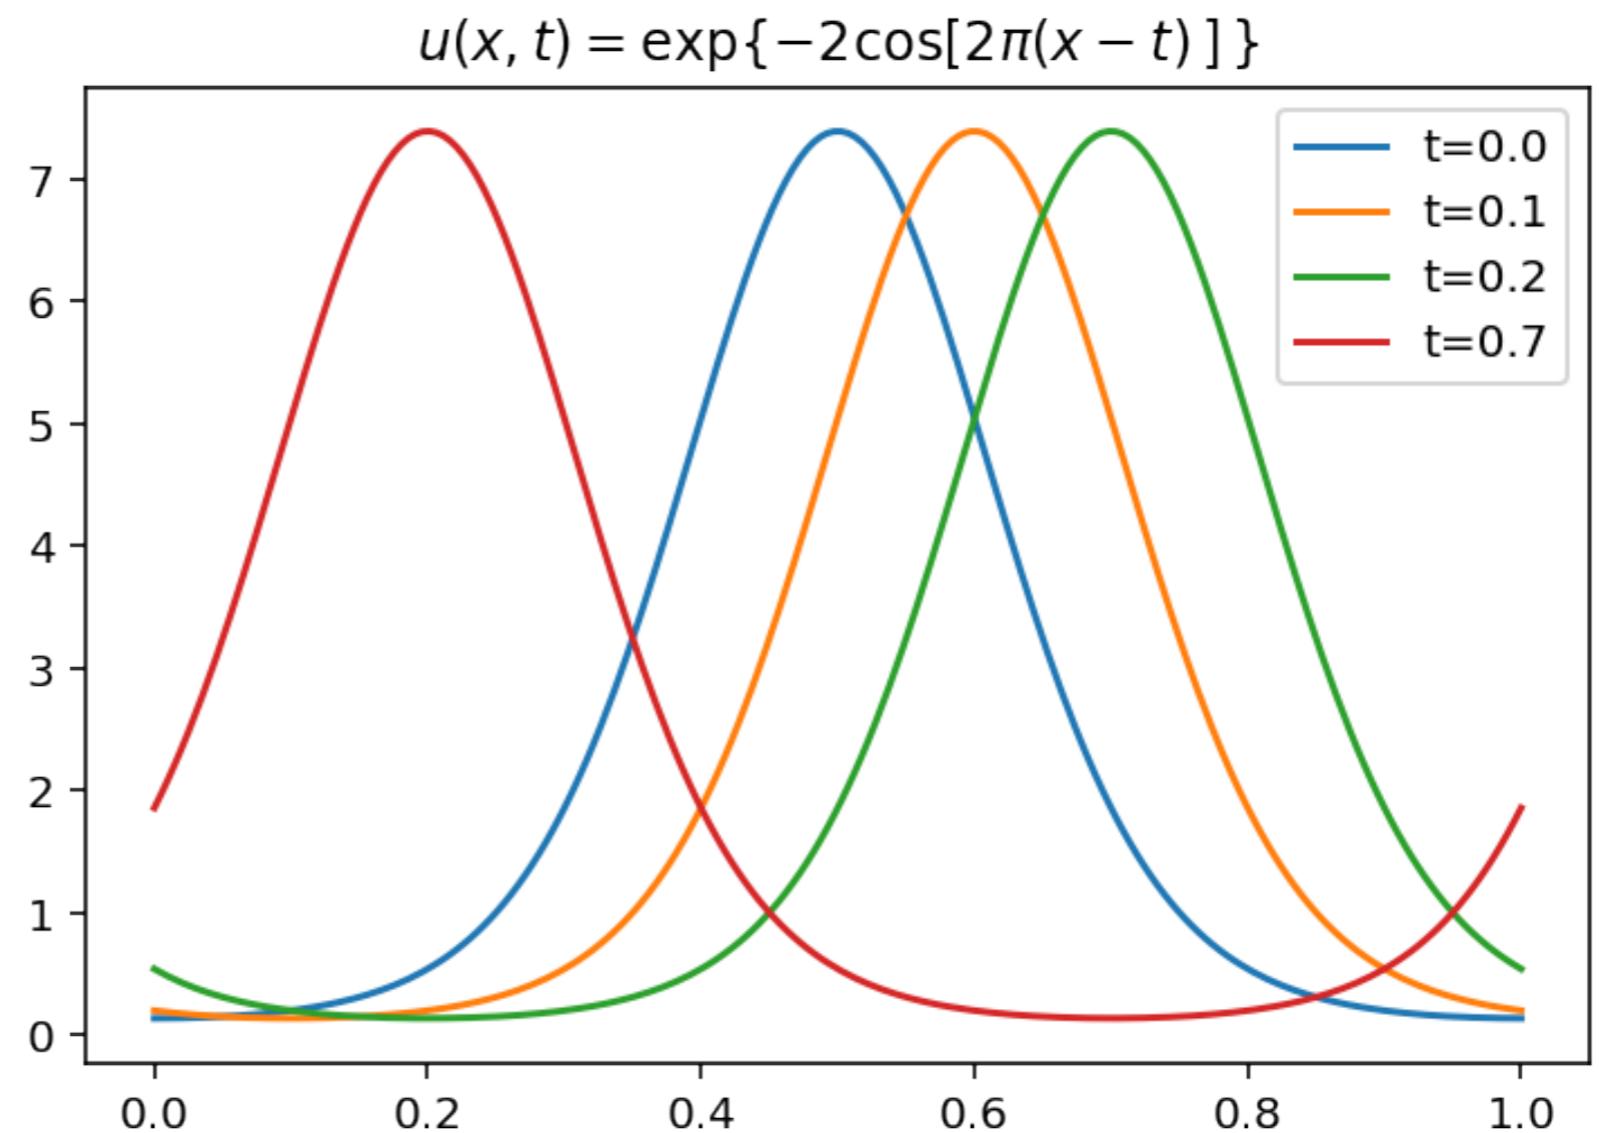

Numerical Relativity Day 1, supplementary material

Harald Pfeiffer
AEI

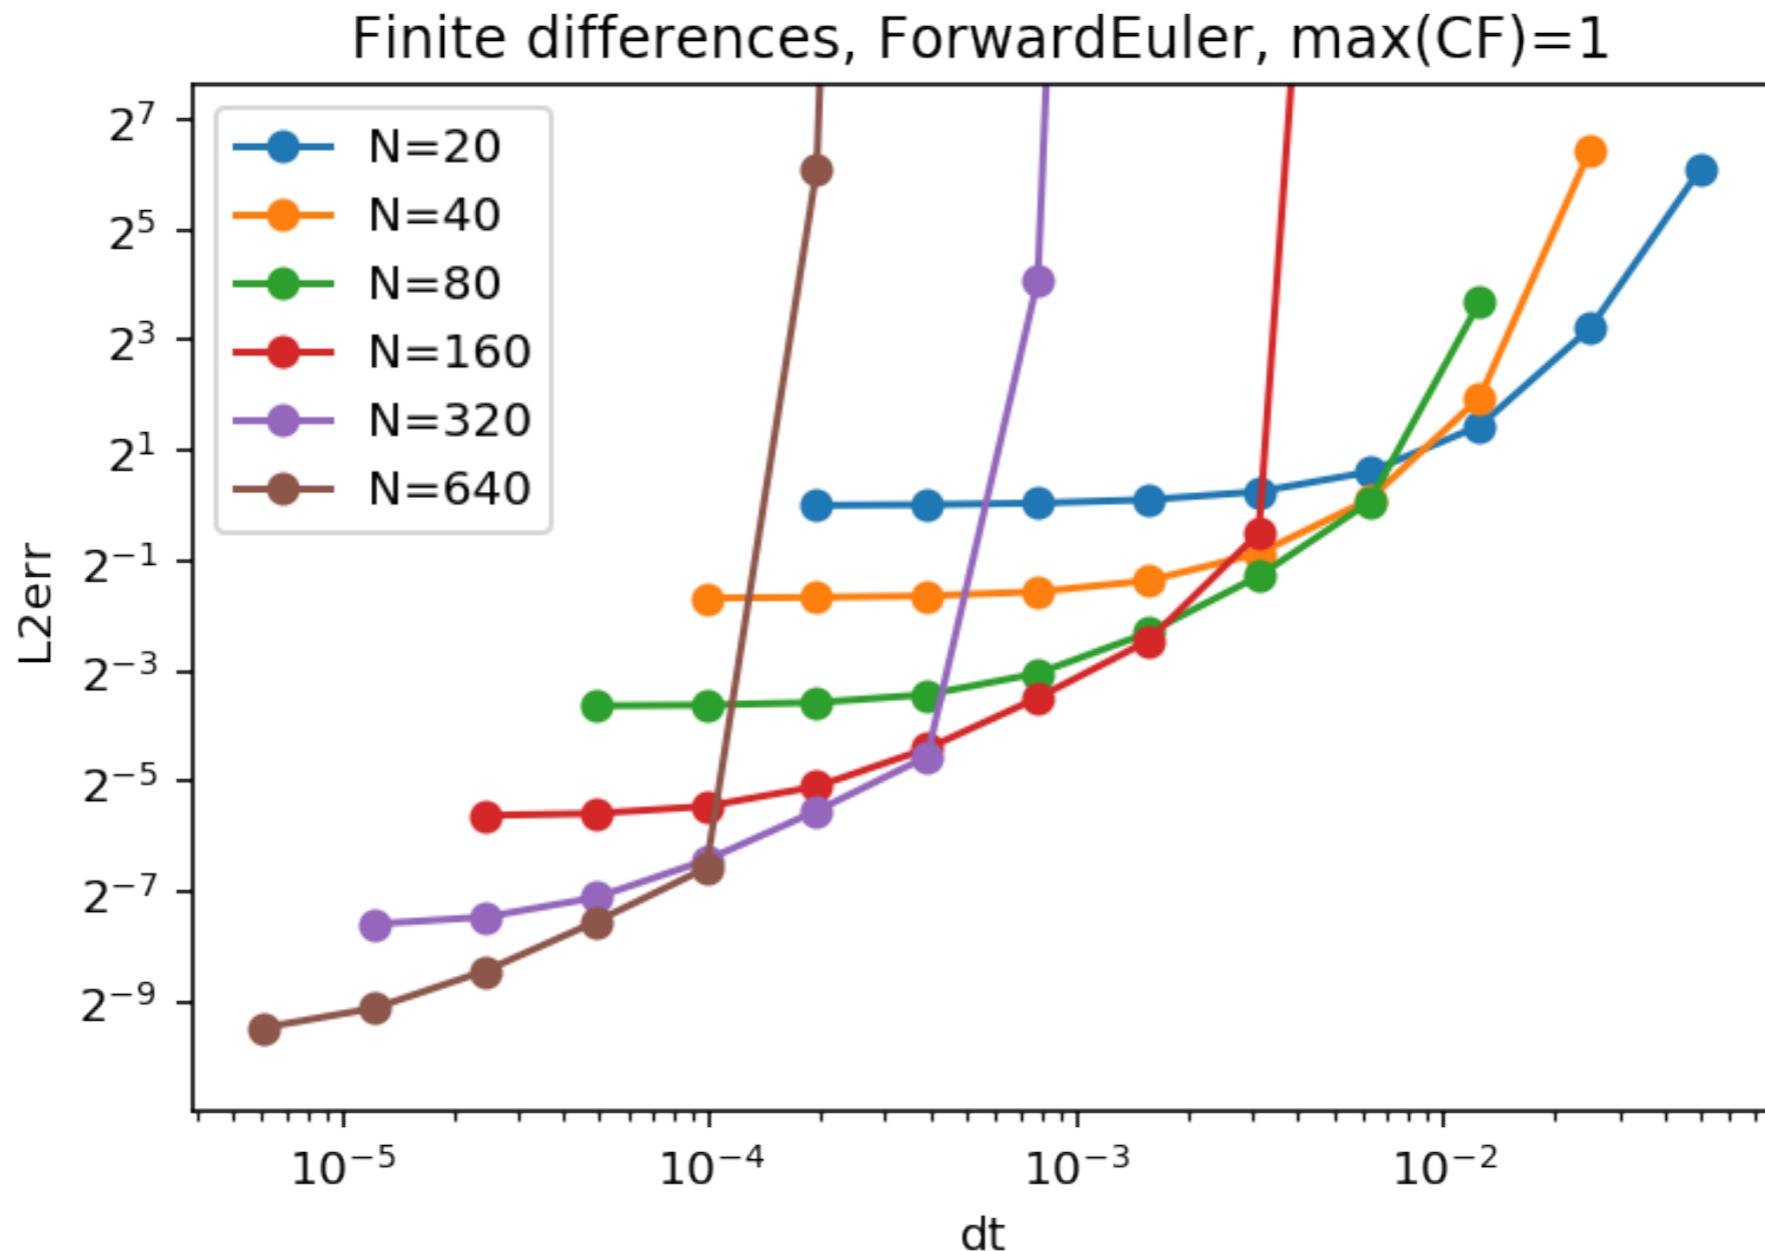

Example solution, advection eqn

$$\frac{\partial u}{\partial t} + \frac{\partial u}{\partial x} = 0$$

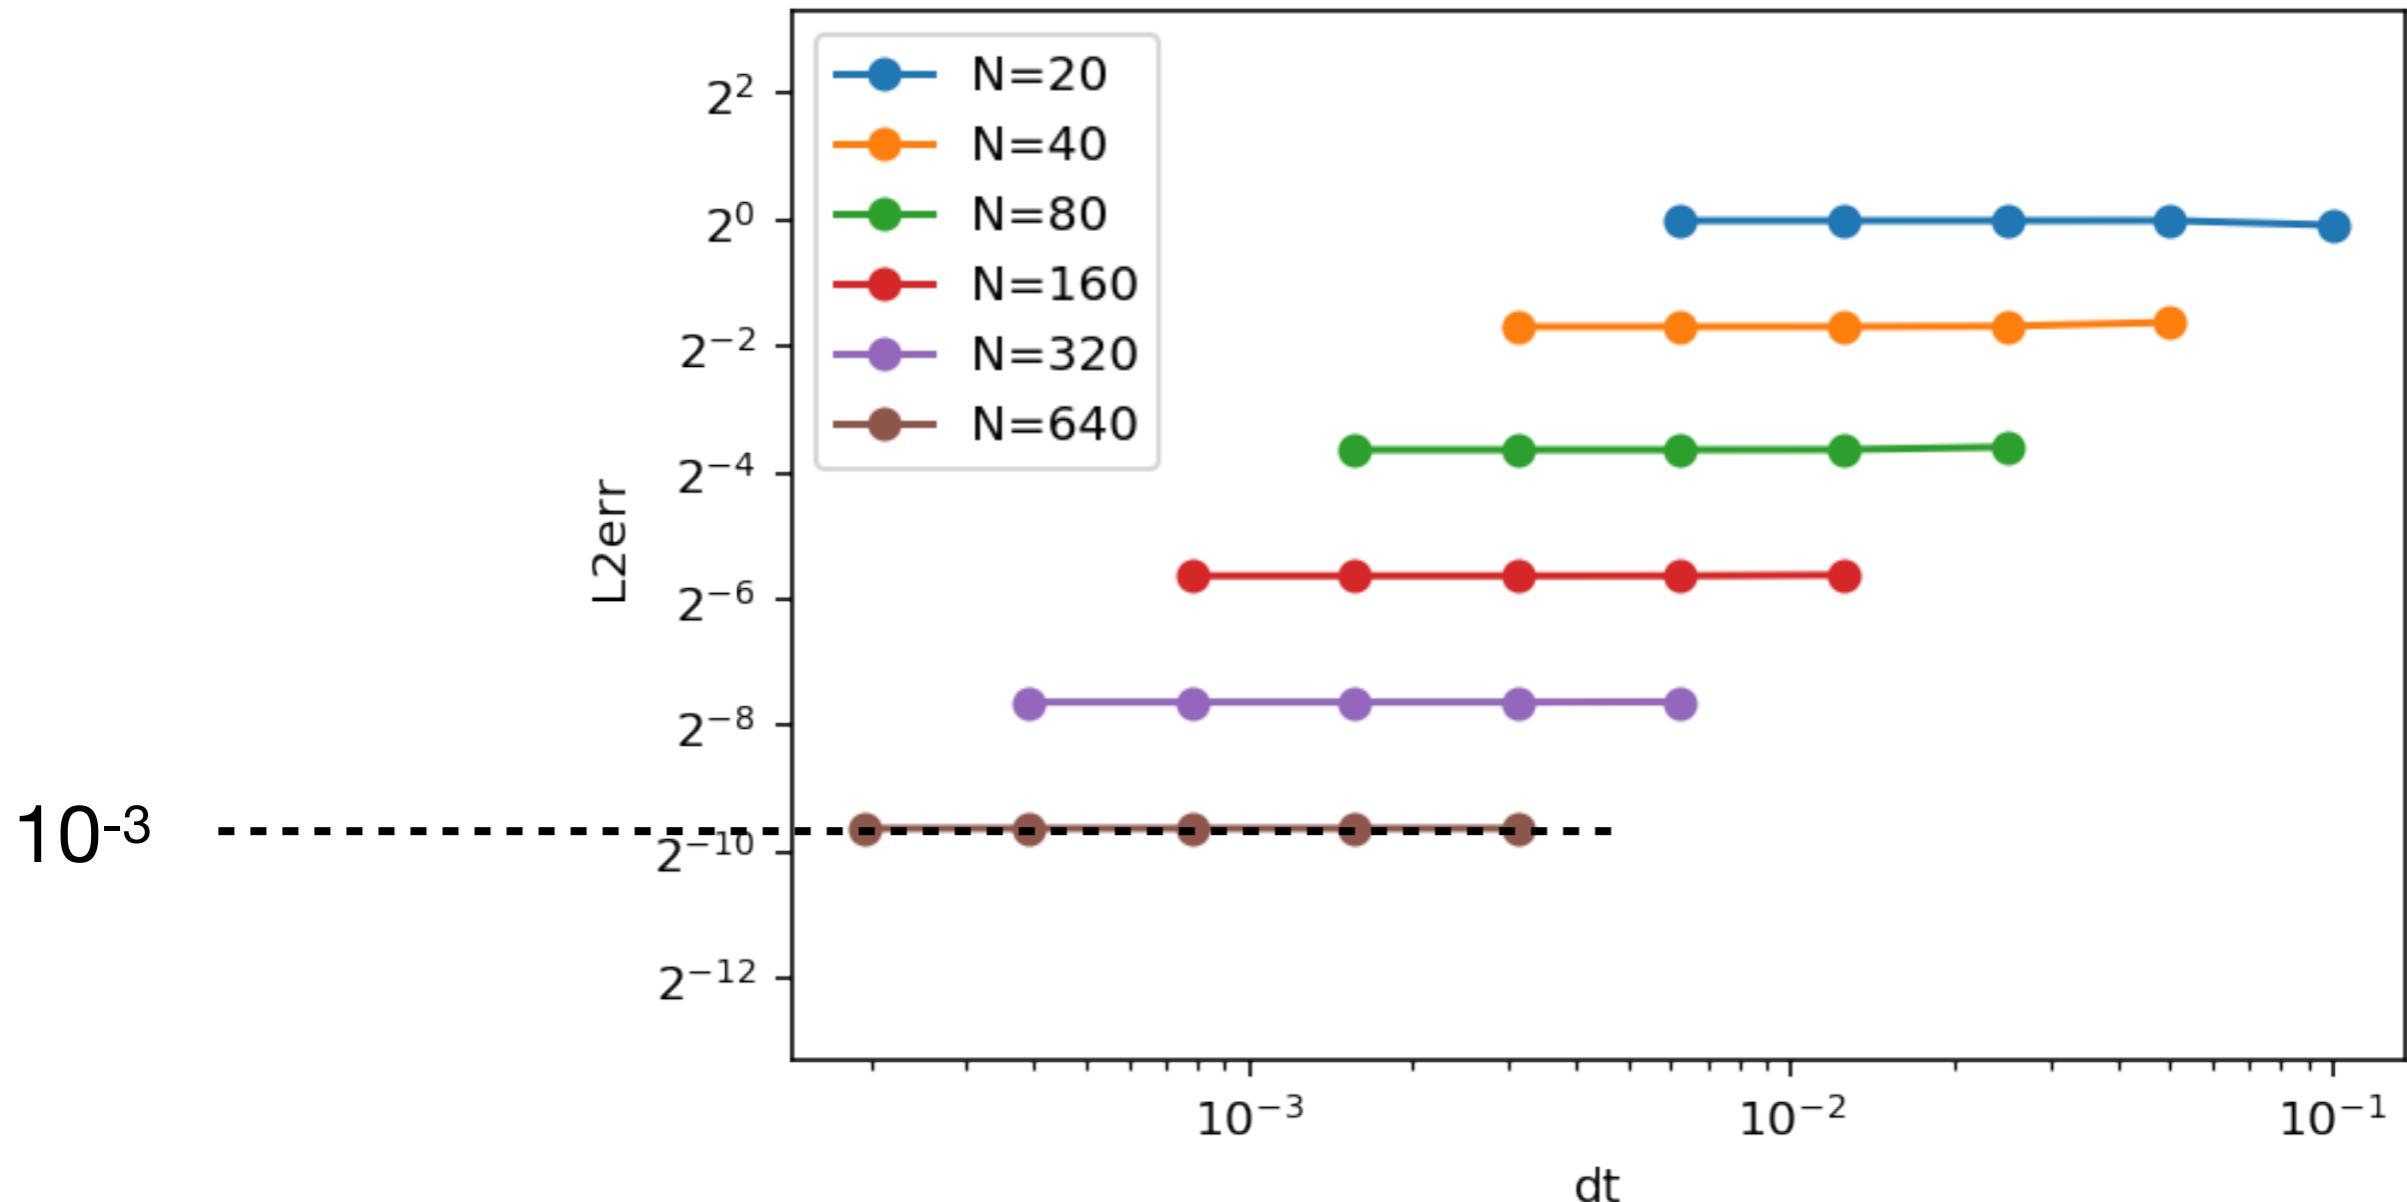

Convergence test

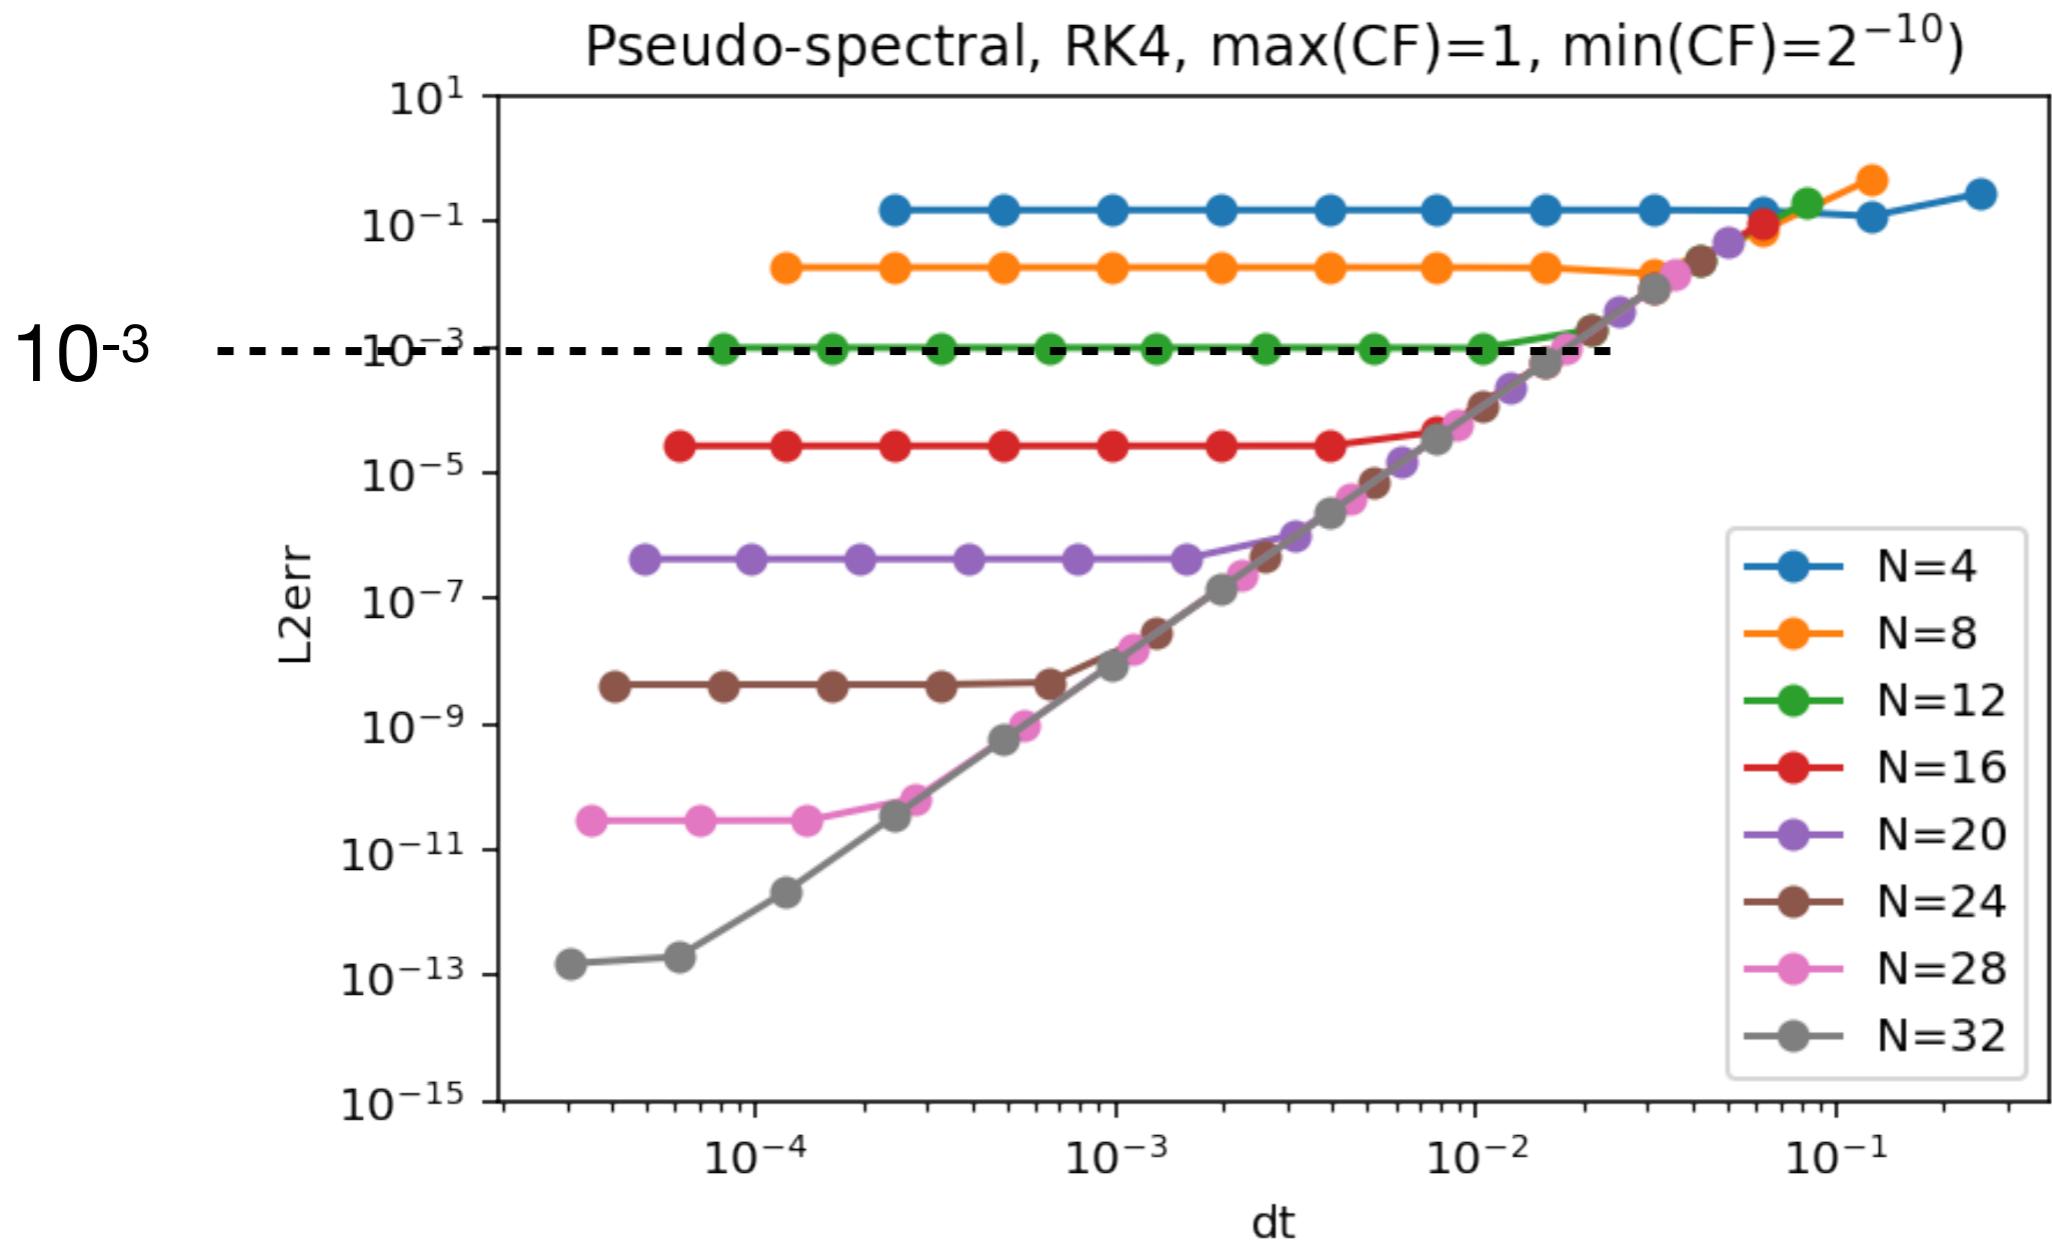

Convergence test 2

Finite differences, RK4, max(CF)=2

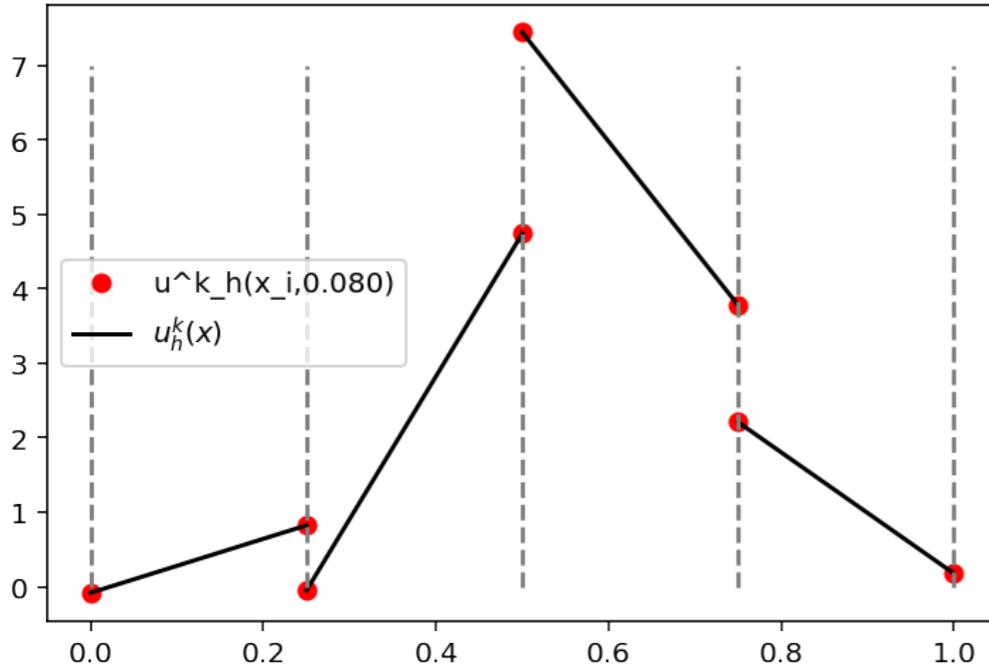

Convergence test 3

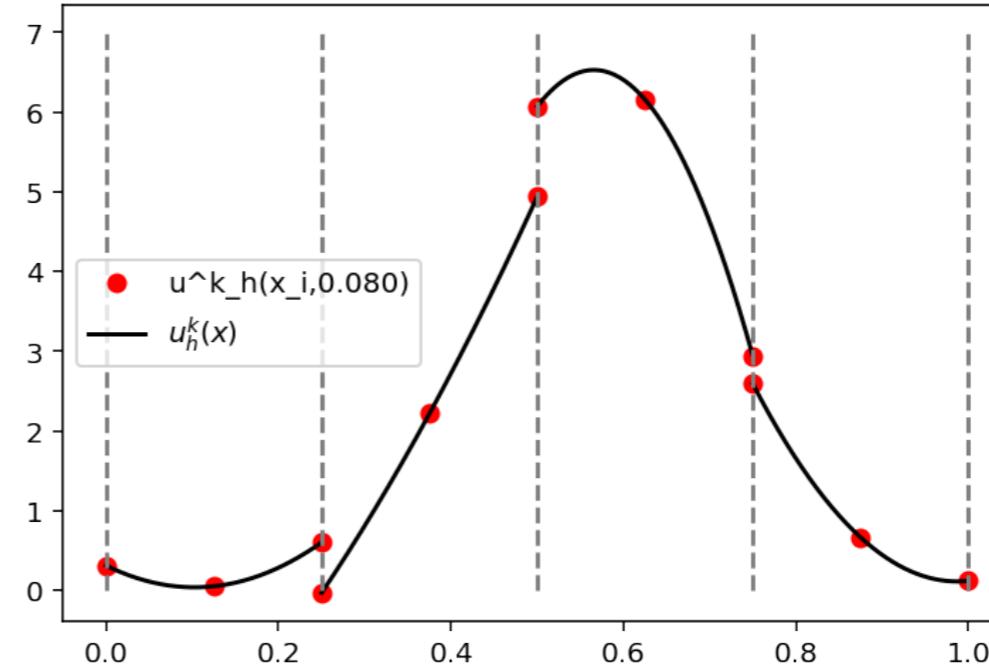

DG solution at different orders N

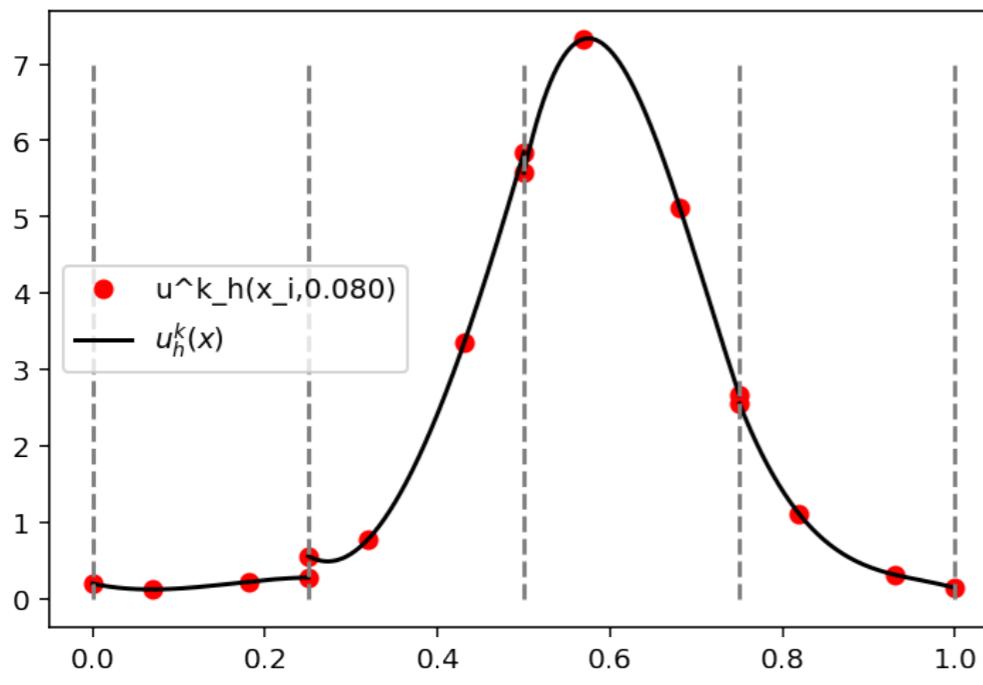

DG solution with K=4, N=1

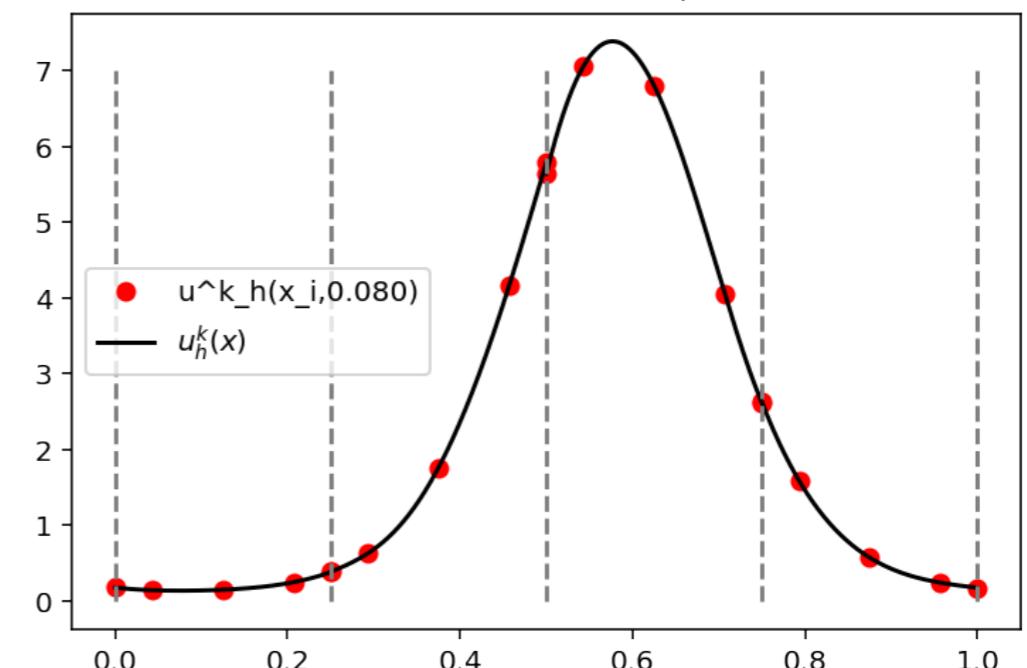

DG solution with K=4, N=2

DG solution with K=4, N=3

DG solution with K=4, N=4

Convergence test DG
