Algebra and Number Theory Seminar

Title: Conformal Modules and Irreducible Representations of the Exceptional Cheng-Kac Superalgebra

Speaker: Dr Consuelo Martinez (University of Oviedo)

Date: Mon 29th April 2013 at 4:00PM

Location: CASL Seminar Room – Belfield Office Park

Abstract: The aim of this talk is to introduce Cheng-Kac (Lie) superalgebras and show the recent classification of their irreducible conformal modules, giving also the result in the Jordan case.
