## Analysis Seminar

---

**L. Harris (Kentucky)**

will speak on

**Derivative estimates for polynomials on Banach spaces**

Fri 14th October 2005 at 3:00PM

Location: UCD Maths Sem

We begin with a discussion of inequalities between norms of multilinear mappings and homogeneous polynomials on various spaces. We then turn to analogues of the inequalities of Bernstein and Markov. Several open problems will be discussed.

This talk is part of the **Analysis** series. For more, see  
<https://maths.ucd.ie/seminars>
