Analysis Seminar

M. Mackey

will speak on

About spin factors

Tue 16th April 2019 at 4:00PM

Location: Seminar Room SCN 1.25

Spin factors, also known as spaces of Spinors, or as Type IV Cartan factors, form a somewhat obscure class of Banach spaces. We will briefly review their algebraic structure paying particular attention to their holomorphic automorphisms with a view to identifying the existence of fixed points.

This talk is part of the **Analysis** series. For more, see
