

Applied and Computational Mathematics Seminar

Title: Modeling of extreme water waves and tsunamis

Speaker: Professor Frédéric Dias

Date: Thu 25th October 2007 at 2:15PM

Location: Mathematical Sciences Seminar Room

Abstract: Professor Dias, Centre de Mathématiques et de Leurs Applications, Ecole Normale Supérieure de Cachan, France

This talk will address: Numerical computation of free surface flows, Phenomena of dispersive waves, Tsunamis, and wave impact due to fluid sloshing.
