

## Algebra and Number Theory Seminar

**Title:** An Earnest, Hamming Way to Do Mathematical Magic

**Speaker:** Colm Mulcahy (Spelman College)

**Date:** Mon 11th February 2008 at 4:00PM

**Location:** Mathematical Sciences Seminar Room

**Abstract:** With the help of a humble deck of cards, we discuss some new principles in mathemagic, including some as yet unpublished applications of algebraic coding theory.
