# K-Theory, Quadratic Forms and Number Theory Seminar

## Dr Marilyn Reece Myers (UCD)

will speak on

## Variations of Kummer's conjecture

## Wed 5th March 2008 at 4:00PM

### Location: Mathematical Sciences Seminar Room

In 1851 Kummer conjectured a formula for the asymptotic growth of ratios of class numbers of cyclotomic fields. We will discuss what is known about Kummer's Conjecture and how it may be generalised.

Please note the time.

This talk is part of the **K-Theory, Quadratic Forms and Number Theory** series. For more, see
