Title: Quotients of the space of orderings of the field $\mathbb{Q}(x)$

Speaker: Dr. Pawel Gladki (University of Silesia)

Date: Wed 24th February 2010 at 4:00PM

Location: Mathematical Sciences Seminar Room

Abstract: In this talk we present a method of obtaining new examples of spaces of orderings by considering quotient structures of the space of orderings $(X_{\mathbb{Q}(x)}, G_{\mathbb{Q}(x)})$. *It is, in general, non*
