

Title of your contribution to EFDC2

Presenting Author^{*}, Second Author[†], Third Author^{*}, Fourth Author[‡] and etc.

This template for the 2nd European Fluid Dynamics Conference (EFDC2) shall be used for preparing the abstract when using L^AT_EX.

The maximum length of the abstract for EFDC2 is **one page including all figures and references**. Please note that abstracts longer than one page will not be accepted.

Please underline the presenting author and note that each presenting author can only upload a single abstract.

Figure 1 provides an example for including figures.

As for references¹, these can be inserted using a footnote. Only the surnames of the authors should be used. In case of more than two authors "et al." should be used. As in the example reference¹, the title of the reference should not be given, the journal name should appear in italic, the volume number in bold, the page number in normal text and the year in parenthesis.

Please upload your PDF file by going to www.efdc2.com/abstract and following the instructions there.
